Dear Lyndsey,

Thank you again for offering to help Region 9!

Here is more background about Dan Hirsch concerns. The EJ Task Force has asked Dan Hirsch

to be a technical advisor. Attached are intro doc's related to Dan Hirsch inquiries. I will separately send you another email that I sent to Dan regarding our practice of checking all SUPRs compared to current versions of the EPA PRG's. Reg 9 did not update release criteria since 2006 and have carried those 2006 versions into all the individual RODs.
